

Function Room / Event Package

Spice N Ice Journey

Spice N Ice had been a part Adelaide local favourite from last 14 years, serving authentic and delicious Indian food to its patrons.

It has become an institution with locals, doing their evening curry take away or dining in – being assured that they will only be getting the best. We have been part of local community and people's lives over the years, and continue to grow with their unconditional love and support. Savor the authentic taste of delectable North West frontier cuisine served on a platter with generosity and warmth. Let your food journey to India begin.

We take a lot of pride in the food we serve, for only complaints or suggestions, please write to us, on – info@spiceniceportadelaide.com.au
